# FOOD-TECH EURASIA

## FAIR

For the entire food and beverage production chain, Food-Tech Eurasia is where manufacturers find innovative, reliable, cost effective and high quality solutions to take their products to market.

Co-located with the world class Eurasia Packaging Fair, the two events let visitors discover food and beverage processing and filling technologies through to packaging production that makes products 'shelf ready'.

### 2017

12<sup>th</sup> International Food and Beverage Technologies Fair

## EURASIA

## PACKAGING FAIR

Embracing every element of the production stage, from processing, packaging and filling machinery to all packaging products, Eurasia Packaging Fair is the most attractive and preferred annual event in its region. It's where emerging and established manufacturers of food and non-food goods source cost, discover thousands of time effective solutions, network with industry experts and find new partners across Turkey, East and Western Europe, The Balkans, Russia, CIS and MENA to achieve product 'stand out' to meet market demand.
